3341 – Valley Gas & Bristol and Warren Gas Co.: The Company proposed a new tariff for Very Large Transportation Service customers, designated as Rate Schedule VLT for effect July 12, 2001. The proposed service is designed to provide a transportation service alternative that complements the Company's existing Contracted Highload Factor sales service for large-volume high load industrial customers. The Division has reviewed the filing, finds the proposed tariff reasonable and does not oppose implementation.

Commissioner Racine noted that the proposal reflects a commitment by the Company as part of the settlement associated with the merger to implement a rate that closely reflects Providence Gas transportation service rates. At this time, there was no effort made to perform a cost-of-service study to justify the levels of specific charges to the rate schedule. However, it will be subject to scrutiny in the upcoming rate consolidation process. Commissioner Racine moved to approve the filing as submitted. The motion was seconded by Commissioner Gaynor and unanimously passed. **Vote 3-0.**

3347 – Providence Gas Co.: The Company proposed tariff revision and Deferred Cost of Gas Cost Calculation Guideline establishing a sales service to customer's responsibility for a portion of the Deferred Gas Cost Balance at the time the customer migrates to transportation service for effect July 21, 2001. Out of abundance caution, due to vacation schedules, and demands on the Commission and Division, Commissioner Racine moved to suspend the tariff filing until such time as the Division completes its review of the filing. The motion was seconded by Chairman Germani and unanimously passed. **Vote 3-0.**

There being no further business to discuss, the open meeting adjourned at 10:12 AM.
